- MR – Maritime provinces (includes New Brunswick, Nova Scotia, Newfoundland, Labrador, and Prince Edward Island)
  - NT – Northern Territories (includes Northwest Territories, Nunavut, and Yukon Territory)

Arkansas Stations note: Although the "AR" abbreviation is not used as a multiplier in this contest, the first valid AR county logged will count as the multiplier for Arkansas. Regardless of how many stations in other Arkansas counties you work, you may only use AR for a multiplier once as with any other multiplier. Arkansas stations must log all AR contacts with their county designator; for QSOs with all other stations, use the standard two characters, including "DX" for all stations outside of the U.S. and Canada.

- B. Non-Arkansas Stations – Count all 75 Arkansas counties for a maximum of 75 multipliers.

## SCORING

QSO points – 2 points per CW QSO, 1 point per SSB QSO. (Duplicates will be discounted.)  
***The TOTAL SCORE is the total QSO points multiplied by the total number of multipliers worked.***

## AWARDS

Certificates will be awarded to the first-place finisher for each Entry Class in each U.S. State, each of the 8 designated Canadian areas, and DX category.
