Upcoming meeting programs
New technician class suggestion
Door prize drawings
Meeting adjournment

VE Testing

To follow meeting

NEXT MEETING

Monday, July

Discussions for a topic will be finalized at the June meeting. However, most of the ideas centered on a DXing topic from one of a couple of presenters.

ARKAN meets at the Arkansas Air Museum at Fayetteville Municipal Field each fourth Monday of the month at 7 p.m.

Along with other items to be suggested by the membership, final preparations for ARKAN's first-ever Field Day operation will be the main thrust of the meeting. John Robinson, KD5NFX, is the club's inaugural Field Day Chair, and may have items he needs to cover.

From the President

Kevin Thornton, K5KVN

Hi ARKAN Members,

Don't forget ARKAN's Field Day plans at the Arkansas Air Museum, on the air from 10 a.m. to 10 p.m. or whenever the last customer leaves. Please contact our Field Day Chairman John KD5NFX at johnr@cavalry.com soon to let him know you can help.

Our next Club meeting will be Monday, June 23rd. This will be the last meeting for ARKAN Vice President Gerry White KH7YS. We wish Gerry the best in his new job in sunny California. Gerry has been a good friend and a good radio operator. Please attend the next meeting as we say "THANKS" to Gerry for a job well done over the past couple of years as an ARKAN officer. Gerry's resignation letter is inside this month's issue.

73 de K5KVN

Kevin

ARKAN on the web at: www.arkan.us

PUBLIC SERVICE EVENTS CALENDAR

The following organizations have asked for amateur radio operators to support their events. Please contact the persons listed. There are more events anticipated for this coming year.

OCTOBER

JOTA Oct. 18-19
New contacts have been made with individual scout troops to get this year's event off the ground. If you know a scoutmaster, please get in contact with Bill Smith so we can drum up more participation. This is for both Boy and Girl Scouts.
CONTACT: Bill Smith
k1ark@arrl.net

ARKAN CALENDAR

Take a look ahead at upcoming meeting dates and program topics

JULY

Open program July 28
Looking for members to volunteer for program.

AUGUST

Open program August 25
Looking for members to volunteer for program.

SEPTEMBER

Open program Sept. 22
Looking for members to volunteer for program.

OCTOBER

Open program Oct. 27
Looking for members to volunteer for program.

June Meeting Notes

Proposal for new classroom format

A recent move into the area, but no stranger to the area, Bernie Skoch, has proposed running a 10-week technician class from his corner of the university. He would like to join up with both ARCUA and ARKAN on this project.

Nothing like a little publicity

Thanks to a generous plug in CQ Magazine's awards column, ARKAN has received a few new inquiries about the Worked All-Arkansas award.

Also, just in the mail but not in time for this month's newsletter is a photo of our first WAA recipient displaying his certificate in his shack. Look for that next month.

Speaking of publicity

Here's the club's official press release on Field Day:

The Amateur Radio Klub of the Arkansas Northwest will participate in this year's Field Day from the historic Arkansas Air Museum at Fayetteville's Drake Field. Each June, the American Radio Relay League (an organization representing licensed amateur radio operators) sponsors Amateur Radio Week, and a national event known as Field Day. Amateur (or HAM) radio operators all across the United States and Canada set up stations under simulated emergency conditions (emergency power, make-shift antennae, etc.) and try to contact as many other stations as possible. The exercise is aimed at educating the public about HAM radio and helping operators prepare to provide radio communication in times of real disaster. Amateur radio operators have provided vital communications in disasters ranging from recent tornadoes to the events of September 11th. To recognize the contributions to public service made by Amateur Radio operators, Governor Mike Huckabee has declared June 23-30, 2003.

"Amateur Radio plays a large role in today's communications infrastructure, and our emergency communications capabilities are even more in demand after the events of September 11th," says Kevin Thornton, Club President. "Ham radio also allows us to make friends around the world and volunteer in our communities. We hope that people will come out on Field Day and see firsthand what it's all about."

The Amateur Radio Klub of the Arkansas Northwest will begin transmitting from the Arkansas Air Museum parking area at 10 a.m. this Saturday, June 28th. The public is invited to visit the Field Day site and learn first-hand about HAM radio.

The Club is active in storm spotting, providing communications for local parades and events, and holds amateur radio license exam sessions after each monthly meeting. Meetings are held at 7 p.m. on the fourth Monday of each month at the Arkansas Air Museum. Today there are more than 680,000 Amateur Radio operators in the United States and more than 2.5 million worldwide.

Aloha from Gerry

Hello Everyone,

I have been tentatively offered a position as an Assistant Professor at National University (www.nu.edu) in San Bernardino, California. The paperwork is in the final stages. I will need to report for duty by mid July. Rona and I have to attend a national conference on blindness from June 27 to July 4 and it appears that we will have to move right after this conference.

Hence, I will need to tender my resignation as Vice President of ARKAN effective the July meeting. I will work with anyone you desire to maintain the website. I have given Bill a cd-rom of the website and newsletters as of April 2003.

If you have any questions, please feel free to contact me at 799-6178 or email me at my permanent email address of gw@zinfoserv.com.

Thanks for everything. I have had a wonderful experience at ARKAN.

Gerry
Gerald L. White, PhD, NOMC

UPDATE YOUR INFO

A quick note to all Washington County ARES members: Please update your database info as soon as possible. Folks move, change jobs, change phone numbers (in particular cell phone numbers), upgrade licenses or equipment and we need to know. If you have had a change since you filled out your ARES form, please contact one of the members of our county ARES leadership team.

ARKAN is now a member of ARRL VEC

From: ARKAN ARRL VEC liaison, Don/K5DB -

ARKAN is now officially a member of, and has its test session schedule listed on the VEC test site page of the ARRL website. Check it out! Test sessions will immediately follow each ARKAN meeting, and we ask as many ARRL certified VE's to attend if at all possible, so that we'll make sure that we have the required minimum of 3 to test, and they all must be Extra Class license holders, if up to Element 4 is going to be administered for the test sessions.

This will also be beneficial to you to participate in a test session to keep your ARRL VE status current and renewable. VE rules state that your VE accreditation credentials are good for 3 years from the issue date or until your FCC license expires, whichever comes first. However, to automatically renew your accreditation you must participate in at least 1 test session during the 12 months prior to your accreditation's expiration. By helping us to administer test sessions, it will help the club, assure you of automatic VE credentials renewal, and assure you of a fun and rewarding experience of administering amateur radio exams.

We already have 3 test candidates who have contacted me and advised that they tentatively have the next club meeting date, June 23, set aside to attend our meeting and test after the regular club meeting is adjourned. One of those individuals WILL be taking the Extra Class exam.

As you can see, with ARKAN now listed in the ARRL test session schedule, these test sessions can be used to introduce new hams to our club, make them feel welcome, and possibly bolster our membership, as well as assist them in futhering their ham radio experience by upgrading their license.

Right now, the only VE's in ARKAN that I am aware of are Bill/K1ARK, Mikey/N5UWX, and myself...all Extra Class. Other than these individuals, if you are an accredited ARRL VE and a member of ARKAN, my apologies if I did not list you here, but I do not know who is and who isn't. Please e-mail me at: k5db@arrl.net, or let me know at future club meetings if you have VE accreditation and you hold a valid General, Advanced, or Extra Class license. If you are a VE, I thank you in advance for attending the meetings/test sessions to not only further the hobby of ham radio, but also to expose our great ARKAN organization to potential new members.

After I compile a VE list, I will definitely put together a VE e-mail group, and keep you posted when and if we will have test candidates prior to an upcoming meeting.

If you can be in attendance this coming Monday, we need you! Also, be sure and bring your ARRL VE badge to wear while the session is conducted.

73 and thanks! - Don/K5DB

The Weather Report

W5YM University WeatherNet info from Bill Smith, K1ARK Slow time is a good time to catch up

With the weather becoming hotter, the chance for pop-up storms is more of the pattern than the big spring squall lines. During these "slower" times, take a few moments to familiarize yourself with the terrain -- drive a few new country roads, look for some new spotting locations.

Summer is a tough net time

At the same time, lots of spotters are taking family vacations this time of year. Please take the time to check in on the Monday training net so that others know if you are in town and available to assist in the event of severe weather.

**AREA 2 METER NETS

Amateur Radio Klub of the Arkansas Northwest

Minutes of May 2003, meeting

Arkansas Air Museum; Fayetteville, Ark.

7:05 Meeting called to order by Kevin Thornton K5KVN

The minutes from the April meeting were accepted.

Mose, KB5BV gave the treasury report with a total of \$454.30. Mose thinks we are three cents off and will get it corrected.

Old Business discussed:

-Not sure if the email to local hams, as part of our membership drive, has gone out. Kevin asked if anyone has talked to Gordon about this.

-We've had no follow-up from local Scout troops regarding JOTA.

-ARRL Special Service Club application needs to be researched further. It appears we may not have enough activities yet to qualify. After we get the station built, we should look at the application again.

-Adopt a Highway would make a great activity and perhaps help with Special Service Club designation, but it was decided to put this on hold until we have enough members to hold a decent highway cleanup party.

New Business discussed:

-Upcoming meeting program suggestions are: EC Program, DX Program. Mose knows a ham in Fort Smith that could come up for a great DX Program.

-Special Events coming soon: Airfest June 14-15 needs volunteers. Contact Bill K1ARK. Membership approved motion to hold special event station during Airfest.

-Club station setup. Wall inside the hanger needs to be built in "our corner." Plans need to be made to raise our tower. Coax runs need to be determined, etc. Field Day will be a great time to take measurements and make plans.

-ARCUA has invited ARKAN to participate in their Field Day on the lawn of Old Main at the U of A. Club members mentioned holding an official ARKAN Field Day at the museum.

-Mikey N5UWX won the tube mascot.

-New member Michael, WD5GWD, won the official door prize for this month: screwdriver set.

Business meeting was adjourned at 7:30 p.m.

John KD5SJE gave a presentation on PSK-31 portable operations using a Buddipole antenna system.

Next meeting: June 23, 2003

2003 Arkansas QSO Party – Sept. 27-28

SHORT FORM:

Arkansas QSO Party: CW/SSB/PSK31 sponsored by K1ARK; 0000z to 0600z Sept. 27, 2003; 1400z on Sept. 27, 2003; until 0100z on Sept. 28 [**Contest Fri., Sept. 26 & Saturday, Sept. 27**]. Frequencies: CW—3.550, 7.050, 14.050, 21.050, 28.050; PHONE—3.980, 7.260, 14.260, 21.360, 28.360, 145-147; PSK—3580, 7070; 14.070; 21.080; 28.120. Categories: SO, MS, Mobile, HP, LP, QRP, S/P/C, PSK. Exchange: RST, state or province, DX stations send “DX.” (Arkansas stations exchange county.) QSO Points: PSK—3 pts, CW—2 pts, SSB—1 pt. Score: QSO points × AR counties (AR station count states, provinces and AR counties). Mobile stations may be counted more than once per band if station has relocated into another county. Bonus stations: W5YM (25 pts per band/mode), AR ARRL affiliated club station (10 pts). For more information—<http://www.arkan.us>. Logs due 30 days after the contest to k1ark@arrrl.net or to Bill Smith, K1ARK, 2164 Magnolia Drive, Fayetteville, AR, 72703.

2003 Arkansas QSO Party – Sept 27-28, 2003

1. Object: For amateurs to exchange QSO information with as many Arkansas stations as possible on 80, 40, 20, 15, 10, and 2 meter bands. Arkansas stations work everyone else.

1.1 Suggested CW frequencies
1.1.1 3.550, 7.050, 14.050, 21.050, 28.050

1.2 Suggested PHONE frequencies
1.2.1 3.980, 7.260, 14.260, 21.360, 28.360, 145-147

1.3 Suggested PSK frequencies
1.3.1 3580, 7070; 14.070; 21.080; 28.120

1.4 It is recommended that no contesting occur on national calling or guard frequencies. Reminder, contest begins at close of Razorback Phone Net, 3.9875.

2. Date and Contest Period: The Arkansas QSO Party operating times will be from 0000z to 0600z on the 27th of September 2003; 1400z on the 27th of September 2003 until 0100 on the 28th of September.

2.1 All stations may operate the entire contest period.

3. Entry Categories: (Non-Arkansas and Arkansas)
Non-Arkansas stations compete only against non-Arkansas stations.

Arkansas stations compete only against Arkansas stations.

3.1 Single Operator: (9 categories)

3.1.1 QRP. (Up to 5 watts output power)
3.1.1.1 Mixed Mode (Phone, CW, digital).
3.1.1.2 Phone only.
3.1.1.3 CW only.

3.1.2 Low Power. (Up to 150 watts output power)
3.1.2.1 Mixed Mode (Phone, CW, digital).
3.1.2.2 Phone only.
3.1.2.3 CW only.

3.1.3 High Power. (More than 150 watts output power)
3.1.3.1 Mixed Mode (Phone, CW, digital).
3.1.3.2 Phone only.
3.1.3.3 CW only.

3.1.4 Mobile. (Mixed mode, up to 150 watts output power)

3.1.5 PSK.
3.1.5.1 QRP (5 watts or less)
3.1.5.2 Regular Power.

3.2 Multi-operator, Single Transmitter, mixed mode only. (3 categories)

For the intent of the Arkansas QSO party, Single Transmitter means only one signal may be transmitted on the air at a given time.

3.2.1 QRP. (Up to 5 watts output power)
3.2.2 Low Power. (Up to 150 watts output power)
3.2.3 High Power. (More than 150 watts output power)

4. Contest Exchange:

4.1 Non-Arkansas stations send:
Call, RST, and US state/Canadian province/Maritime region/or 'DX'.

4.2 Arkansas stations send:
Call, RST, and county.

5. Scoring:

5.1 QSO points:
5.1.1 Count one point for each complete two-way phone QSO.
5.1.2 Count two points for each two-way CW QSO.
5.1.3 Count three points for each two-way digital (PSK31 or RTTY) QSO.

5.2 Multipliers: (Count per band)

5.2.1 Non-Arkansas stations: Arkansas counties (75 possible per band)
5.2.2 Arkansas stations: US states/Canadian provinces/Maritime regions (63 possible per band)

5.3 Bonus Stations: (Count per band)

5.3.1 W5YM (University of Arkansas student station) — 25 points
5.3.2 Any Arkansas section ARRL affiliated club station — 10 points

6. Miscellaneous:

6.1 Single operator, mixed-mode and multi-operator stations may work stations once on CW, once on SSB and once on PSK31/RTTY on each band.

6.2 All entrants may transmit only one signal on the air at any given time.

6.3 No repeater contacts allowed

6.4 Mobile stations operating from Arkansas may be counted more than once per band or mode if the mobile station has relocated to another county. The intent is to activate as many counties, and this is a bonus to the mobiles who operate within the state boundaries.

7. Awards: Certificates will be awarded to:

7.1 The highest-scoring single-operator station in each category
7.2 Top multi-operator entries in each category
7.3 Top operator from each state
7.4 Additional certificates will be awarded as participation warrants.
7.5 The Amateur Radio Klub of the Arkansas Northwest (ARKAN) sponsors the Worked All Arkansas award.

8. Log submission:

8.1 All logs that are generated using a computer must submit an ASCII text file of the log information in ARRL file format. Paper logs in lieu of the electronic file are not acceptable substitutes. Hand written paper logs are still acceptable.

8.2 All entries for this contest must be e-mailed or postmarked by December 15, 2002.

8.3 E-mail entries only to: bismith@uark.edu. Submissions require a summary sheet with all required information (including exchange sent, category entered, power, and US state/Canadian province) and log file in ARRL file format sent as attachments to the email (see General Rules for specific file format).

8.4 Electronic files or paper logs not in acceptable ARRL format may be designated as checklogs.

8.5 Paper entries should be mailed to Bill Smith, K1ARK, 2164 Magnolia Drive, Fayetteville, AR, 72703.

8.6 Paper entries must be submitted on current ARRL entry forms or on a reasonable facsimile.

8.7 See “General Rules for All ARRL Contests” and “General Rules for ARRL Contests on bands below 30 MHz (HF)” in the November 2000 issue of QST. Where a conflict occurs between the Arkansas QSO Party Rules and the ARRL rules, the Arkansas QSO Party Rules shall take precedence.

8.8 General queries should be directed to the Arkansas QSO Party at bismith@uark.edu, or via US mail to the Bill Smith, K1ARK, 2164 Magnolia Drive, Fayetteville, AR, 72703.
