## EchoLink

### ARKAN MEETING

**Jan. 24, 2005**

#### AGENDA

Club members sign in for drawings

Call meeting to order

Acknowledge and welcome visitors

#### Program

EchoLink, presented by

Steve Barrington, N9NSO

#### Business Meeting

Reading of the minutes from December

Minutes from Executive Committee

Treasurer's report

#### Old Business

SSC appointments for PIO and PSL

#### New Business

Club project chair appointments

Door prize drawings

Meeting adjournment

#### VE Testing

To follow meeting

### NEXT MEETING

**Monday, Feb. 28**

Join the club for our next meeting.

ARKAN meets at the Arkansas Air

Museum at Fayetteville Municipal Field

each fourth Monday of the month at 7 p.m.

Steve Barrington (N9NSO) will give a program on the use of EchoLink. The system is used to allow hams to bridge the gap between great distances via the internet. With the system, its not unusual to use the local repeater to talk to England on 2-meters.

## Pres Note

Hello Everyone,

I hope everyone had a safe and happy holiday season. With the new year comes new goals and challenges for ARKAN and amateur radio. The first board meeting for the 2005 year was held January 10th and went well. All club officers were present and many items were discussed for this upcoming year. We have added a calendar to the ARKAN website to help everyone stay on top of dates and times for club activities, as well as, area hamfests. Please check out our club website [www.arkan.us](http://www.arkan.us) often for updates and information.

The Second Saturday workshop schedule has been setup for the whole year so everyone can take a look and know what is coming up for any given month for 2005. A couple of foxhunts have been included and I hope everyone will come out and learn to foxhunt and have some fun with us this year. A meeting program schedule will be following shortly and we will have our programs scheduled three or four months in advance this year.

Several people in ARKAN have been experimenting with various things such as: packet, aprs, psk-31, antenna building, etc. If you have an interest in a specific part of this great hobby and need help or just need someone to give feedback, signal reports or conduct test qso's with, speak up. I'm sure someone will have knowledge that would help, or maybe by you talking about the subject you will get other people interested in trying it themselves. One of the great things about ARKAN is that we are not a niche club specializing in one area of ham radio. Our members have a huge experience and interest base that we less experienced or younger hams can draw and learn from. Most hams are happy to share their experiences and knowledge just for the asking.

I hope to see everyone at the ARKAN meeting Monday January 24th!

73,

John Robinson KD5NFX

**ARKAN on the web at: [www.arkan.us](http://www.arkan.us)**

**PUBLIC SERVICE  
EVENTS CALENDAR**

The following organizations have asked for amateur radio operators to support their events. Please contact the persons listed.

**FEBRUARY**

Chile Pepper Run Feb. 5  
This is the first of three wilderness oriented events in the nearby Ozark Mountain area. This is a one day event and a long-distance (50 mile) cross country running event.  
CONTACT: Buster Morrow, AD5AM  
479-631-9231  
ad5am@mc2k.com

**MARCH**

Ozark Enduro March 20  
The second big wilderness event. This is communications support for the annual motorcycle enduro -- it's not a race but a skill-oriented off-road event. If you haven't seen one before, it's worth the volunteering to see what you can do with a motorcycle.  
CONTACT: Buster Morrow, AD5AM  
479-631-9231  
ad5am@mc2k.com

**APRIL**

Ozark Challenge April 9-10  
This is a 36-hour event featuring wilderness skill relays -- kayaking, mountain climbing, etc. -- through the Ozark National Forest. Persons who can volunteer for the entire event and stay overnight in the ONF are requested along with folks who can work shifts.  
CONTACT: Buster Morrow, AD5AM  
479-631-9231  
ad5am@mc2k.com

Heart Walk Late Apr/Early May  
Very compact time and space commitment to this fourth annual event. The walk takes place around the perimeter of the University main campus, and hams from the University club work this as a memorial to former advisor, Woody Charlton, who had serious heart problems and his very last ham event was working the first Heart Walk  
CONTACT: Bill Smith, K1ARK

**JUNE**

AIRFEST 2005 Date TBA  
ARKAN club members should make their best effort to assist both with the communications at the annual Arkansas Air Museum event and the special event station at AA5AR.  
CONTACT: Chair to be announced

**OCTOBER**

Tour deCure Oct. 2005  
Put this event down for some time in the next October -- it was very successful and anticipated to need assistance again.  
CONTACT: Buster, AD5AM

# January Meeting Notes

## Dues are due

Club treasurer Mose Howard, KB5BV, reminds everyone that annual dues are due in January. They can be paid at any time prior to January's meeting.

Remember, help ham radio stay strong and support ARKAN.

## ARRL membership as well?

ARRL assistant district manager and club board member Bill Smith, K1ARK, would like to remind everyone that membership in ARRL is more than just getting QST each month. The league sponsors many of the programs that benefit this club, including SSC status and VE testing support.

Most of all, ARRL is the only lobbying organization we have in Washington, DC, and is working non-stop to protect our bandwidth.

There is only one club in the state of Arkansas with 100% ARRL membership -- it would be nice if we could have two.

## Speaking of ARRL – Section election ballots due Feb. 18

If you are a current member of ARRL, you should have received an official ballot for the upcoming Arkansas section manager election. Our current section manager, Dennis Schaefer, has indicated he would step down after his term finished in April. There are two persons running for the position: David Norris, K5UZ, and Terry Busby, W5ARS.

Only official ballots are accepted, so if you are a member and did not receive a ballot or lost your ballot, contact the Field Services Division of ARRL HQ.

## Special Service Club appointments

For the club's continued ARRL membership at the SSC level, several appointed positions must be filled -- public information officer, public service liason and technical director. These are on the December meeting agenda for the upcoming year. It is best if we are not doubling (or tripling) assignments in our SSC structure. These appointments are a great way to involve all the members of the club.

## Your radio memories

Do you remember how excited you were about that first DX contact? Or your 50th state? Or your first night on an active storm net? Share them with us for the monthly newsletter. Email your radio memories to newsletter editor Bill Smith for inclusion in upcoming issues. We have lots of newcomers to the hobby in the club, and they would benefit from your experiences.

# Amateur Radio Klub of the Arkansas Northwest

## Treasurer's Report

12/15/2005 Balance			\$702.42
01/08/2005 Deposit	20.00		
01/10/2005 Check #716 (Christmas Party Refreshments)		29.05	
01/15/2005 Deposit	20.00		
01/15/2005 Balance			\$713.37

Thanks, Mose Howard, KB5BV

# ARKAN address

The club has a post office box to serve as the official address of the organization:

ARKAN  
P.O. Box 9701  
Fayetteville, AR 72703

Currently vacant and seeking nominations

**UPDATE YOUR INFO**

A quick note to all Washington County ARES members: Please update your database info as soon as possible. Folks move, change jobs, change phone numbers (in particular cell phone numbers), upgrade licenses or equipment and we need to know. If you have had a change since you filled out your ARES form, please contact one of the members of our county ARES leadership team.

**The Weather Report**

**W5YM University WeatherNet info from Bill Smith, K1ARK  
NOAA Storm Spotter training set for Feb. 1**

Mark your calendars for Tuesday evening, Feb. 1, as the Tulsa office of the National Weather Service makes its annual trip to Washington County for storm spotter training.

Everyone interested in working with the W5YM weather net is encouraged to attend. Certification as a storm spotter starts with attendance at the annual NOAA-taught session.

With any luck, we may get the chance to meet our new warning coordinator from Tulsa NWS, Ed Calianese.

**Bring a friend to spotter training**

I'm asking everyone to bring a friend that is interested in severe weather to the spotter session. They do not need to be a ham. They don't need to be in public service.

In fact, the more spotters we train, the better our coverage. If you know someone who lives in an outlying area, ask them to join in. Anyone can participate, and we can take those reports from areas and forward them as well.

**New net controls welcome**

We've had some interest in becoming the net controller for Tuesday's net, but don't be shy about other days of the week. In particular, relief net controllers are needed for the Monday weather training net during basketball season and John Robinson is seeking more controllers for the Thursday ARKAN net.

The best time to try your hand at net control is during these weekly training nets -- hence the title **TRAINING** net. Don't be shy.

Even if you don't foresee yourself becoming NCS in the future, you never know what an emergency might force upon you. Perfection is not required, only the willingness to read the script!

**Your participation is requested**

Another not-so-subtle reminder that we ask everyone that is in town and available for the week to check in on the weekly training nets.

Each week we are going over the short-range and hazardous weather outlooks provided to us via the county's office of emergency services.

**Wouldn't you have expected a weather delay on antenna?**

Befitting the new installation of a DB224, work party and equipment have come together only to have high winds then bitter cold delay the installation at the W5YM site.

**AREA HF NETS**

**Arkansas ARES Net**

Net Control: Dale Temple, W5RXU  
Weekly training net for ARES/RACES personnel. Anyone interested in emergency communications with HF privileges is encouraged to check in. Persons without HF are encouraged to monitor. Presentation from Sunday is repeated Monday.  
FREQ: 3.9875 (alt freq. 7.260)  
TIMES: Sunday morning, 7:00 local  
Monday evening, 7:00 local  
(following close of Razorback Net)

**Worked All-Arkansas Net**

Net Control: Don Banta, K5DB  
Weekly net for persons wishing to confirm and work counties for the club's Worked All-Arkansas Award. Follows the conclusion of the Razorback Net or 7 p.m. each Saturday until spring.  
FREQ: 3.9875  
TIMES: Saturday evening; 7:00 p.m.  
(following close of Razorback Net)

**Arkansas Section Net**

Net Control: Dennis Schaefer, W5RZ  
On the first day of each month, the section manager, Dennis Schaefer, conducts a discussion of the issues of the day for the state. Follows the conclusion of the Razorback Net or 7 p.m. each Saturday until spring.  
FREQ: 3.9875  
TIMES: First day of the month; 7:00 p.m.  
(following close of Razorback Net)

**Arkansas Technical Net**

Net Control: Jack McSpadden, WA5ROP  
On the first day of each month, the section manager, Dennis Schaefer, conducts a discussion of the issues of the day for the state. Follows the conclusion of the Razorback Net or 7 p.m. each Saturday until spring.  
FREQ: 3.9875  
TIMES: 15th day of the month; 7:00 p.m.  
(following close of Razorback Net)

**7 DAYS A WEEK**

**Razorback Phone Net**

FREQ: 3.9875  
TIME: 6:30 p.m. local

**Ozark CW Net**

FREQ: 3.592  
TIME: 7:00 p.m. local

**AREA 2 METER NETS  
MONDAY**

**W5YM Unviersity WeatherNet**  
 Net Control: Bill Smith, K1ARK  
 Weather spotter group for Washington  
 County, Arkansas; Information for  
 emergency communications.  
 FREQ: 147.135 + (pl 110.9)  
 TIME: 8:00 PM local

**TUESDAY**

**Washington County ARES**  
 Net Control: Ted Flynn, AD5ON  
 Weekly instruction and meeting for  
 members of Washington County ARES  
 FREQ: 146.955 - (pl 110.9)  
 TIME: 8:00 PM local

**WEDNESDAY**

 TIME: 7:30 p.m. Thursdays  
**TARC Triple T Net -- TARC System**  
 FREQ: Your nearby TARC linked repeater  
 TIME: 8:00 p.m. Thursdays

**AMATEUR RADIO  
EVENTS CALENDAR**

*Keep in mind these events coming up.*

**FEBRUARY**  
 Jonesboro Tailgate Feb. 5

**MARCH**  
 Russellville Hamfest March 5

**APRIL**  
 Fort Smith April 2

**Amateur Radio Klub of the Arkansas Northwest**

**Minutes of November 2004, meeting  
Arkansas Air Museum; Fayetteville, Ark.**

President John Robinson, KD5NFX opened the meeting and entertained motions to accept the minutes from the November meeting as posted. Steve, N9NSO made and Charley, KE5AEA seconded a motion to accept the minutes as published. Motion carried. John, KD5NFX presented the Treasurer's report for acceptance. Don, K5DB made and John, KD5NFX seconded a motion to accept the Treasurer's report as published. Motion carried.

There was no Old Business on the agenda for discussion. Under New Business, John, KD5NFX presented the club officers for 2005. They are as follows:

President	John Robinson, KD5NFX
Vice-President	Steve Barrington, N9NSO
Treasurer	Mose Howard, KB5BV
Secretary	Bennie Jamerson, KD5OHP
Board Member At-Large	Bill Smith, K1ARK
Board Member Elect	Charley Winn, KE5AEA

John also mentioned the need to make Special Service Club appointments to maintain the club's SSC status. There are three appointments that need to be made. One appointment made at the meeting was that of Charles, W5NX as Technical Liaison. The other two slots to be filled are the Public Information Officer and the Public Service Liaison. The remainder of this issue was tabled till the next meeting.

Don, K5DB presented the club's official standing for Field Day as published in QST. For the state of Arkansas, we came in 2<sup>nd</sup> for the total number of contacts and 1<sup>st</sup> in Arkansas in Class 3-Alpha (the Arkansas group with the highest number of contacts was a Class 2-Alpha).

The drawing for the door prize was held and went to Craig, AB5OK.

For the Good of the Order, John, KD5NFX mentioned that Ted, AD5ON our previous club Secretary will be moving out of the area this spring. For the past few years, Ted has been responsible for calling the Washington County ARES net. So, with Ted leaving, Bill, K1ARK is looking for someone who is willing to call and coordinate the calling of the Tuesday night net. If anyone is interested, please contact Bill, K1ARK at k1ark@arrl.net and let him know of your interest.

Charles, W5NX motioned and Charley, KE5AEA seconded that we adjourn. Meeting was adjourned and "Christmas munchies" were served.

Respectfully submitted on behalf of the Secretary - Ted, AD5ON,  
 Steve Barrington, N9NSO

## SECOND SATURDAYS

ARKAN hosts hands-on events for amateur radio operators on the second Saturday of each month. Start time for Second Saturday meetings is 10 a.m. at the Air Museum (includes foxhunts, which will depart from AAM to the hunt area).

### JANUARY

Solar power and accessories

### FEBRUARY

Build ¼ wave 2m coat hanger ground planes

### MARCH

Soldering / De-soldering instruction

### APRIL

Foxhunt (meet at Air Museum)

### MAY

Morse Code Oscillator homebrew assembly

### JUNE

How to set up a 2m packet station

### JULY

Foxhunt (Meet at Air Museum)

### AUGUST

Parkfest 2005 (McClure Park in Lowell, AR)

### SEPTEMBER

How to install coax connectors, use a SWR meter, and use a tuner

### OCTOBER

Go Kits – Everyone bring theirs and do a show and tell so we can all get ideas

### NOVEMBER

Bench Test Equipment

### DECEMBER

No Second Saturday due to the holidays

## ARKAN CALENDAR

Take a look ahead at upcoming meeting dates and program topics

### FEBRUARY

Nominations Oct. 25

### MARCH

Elections Meeting Nov. 22

### APRIL

Holiday Program Poss. D. 27

# I Can't Stop You from not Joining

by Mose Howard, KB5BV

I saw a quote the other day from the great American philosopher Yogi Berra where he said, "If people don't want to come out to the ballpark, how are you going to stop them". As I think about ARKAN, Amateur Radio, and hams I realize that Yogi was pretty much on target. You can't get people to do things they don't really want to do. It is too bad those baseball fans that are staying away from the ballpark don't realize how much fun they are missing. If they did they would want to go. And so it is with area hams that are missing out on the fun at ARKAN meetings and functions.

I have been a ham for a long time and over 90 percent of the time I have been a member of an amateur radio club. Being an active club member has always been a great benefit providing many opportunities to exchange ideas and learn from fellow members.

ARKAN was formed so hams in and around Northwest Arkansas can come together and enjoy fellowship with other hams. We encourage you to join and help us out. We welcome anyone interested in Amateur Radio. If you don't have a license we welcome you and will help you get your ticket. Not sure if you want to join or be a member, just come on to our meetings as our guest.

We meet at the Arkansas Air Museum where members and guests are welcome to meetings without charge from the Museum. Our programs are selected to cover a wide variety of topics in ham radio to peak your interest and be informative.. We don't have long business meetings and they are usually conducted after the program. Our goal is to create an atmosphere for ham fellowship and RF (Radio Fun).

So as Yogi says, I can't stop you from not joining or participating in ARKAN but I sure can guarantee you you'll miss a lot if you don't.

73, Mose, KB5BV

Detach and send to your EC (if known) or the ARRL, 225 Main St., Newington, CT 06111.

To All Radio Amateurs:

The Amateur Radio Emergency Service (ARES) is a voluntary organization of licensed radio amateurs who have registered their capabilities and equipment for providing emergency communications as a public service to the community. The purpose of the ARES is to furnish communications in the event of natural disaster, when regular communications fail or are inadequate. Sponsored by ARRL, the ARES functions at the local level to meet local communications needs.

The ARES has a long history of public service going back to its formal inception in 1935. Since that time the ARES has responded countless times to communications emergencies.

Experience has proven that radio amateurs respond more capably in time of emergency when practice has been conducted in an organized group. There is no substitute for experience gained *before* the need arises.

The ARES in each locality operates under the direction of the Emergency Coordinator (EC), whose function is to direct the activities of the ARES to maintain a state of readiness.

To register in the ARES, send the detachable Registration Form above directly to your EC, or to ARRL Headquarters for forwarding to your EC. *League membership is not required for registration.* Registration does not require possession of any specially designed equipment. All amateurs can be of assistance to the ARES. There is provision in the ARES for *every* amateur regardless of class of license, equipment owned, or personal circumstances.

Won't you join us in providing this essential Amateur Radio service?

Richard Palm, K1CE  
Field Services Manager
